KEYNOTE SPEAKER

Helping High-Achievers Stop
Settling and Start Leading

📞 704-910-7588 ✉️ hello@neshapai.com

Nesha Pai is a keynote speaker, author, and CPA who has built an extraordinary life from ordinary obstacles — and teaches others to do the same.

With over 15 years as the founder of Pai CPA PLLC, Nesha brings rare credibility to the stage: she doesn't just talk about raising standards and owning results — she's lived it. Through cancer, loss, reinvention, and single motherhood, she chose again and again not to settle. That journey is the foundation of every keynote she delivers.

Nesha has spoken to audiences across the US and UK, including Karren Brady's Women in Business & Tech Expo in London and the AICPA Global Women's Leadership Conference in Nashville.

She is represented by AAE Speakers Bureau and is the author of *Overcoming Ordinary Obstacles*.

Her signature keynotes — *Don't Settle: How to Live Boldly and Build a Life You Love* and *Raise Your Bottom Line: From Accepting Results to Creating Them* — challenge audiences to examine where they've been tolerating less than they deserve, and walk away with the clarity and courage to change it.

Nesha doesn't just inspire rooms. She shifts them.

Nesha's Speaking Style

Nesha's speeches have been described as deeply inspirational and engaging. She gives audiences the emotional leverage to make change.

Raise Your Bottom Line: From Accepting Results to Creating Them

After a pivotal early-career moment challenged her performance and sense of worth, Nesha made a bold decision: stop accepting results—and start creating them. That choice became the foundation for building a successful business and redefining how she showed up in life.

In this powerful keynote, Nesha shares six transformative lessons that blend realworld business strategy with lived experience. Through three key shifts—raising your standards, redefining your strategy, and expanding your capacity—attendees will learn how to take control of their outcomes and drive meaningful growth.

Tailored for entrepreneurs, participants will walk away with greater clarity on what truly moves the bottom line, the confidence to make bold decisions, and a new standard for success—one that supports both business results and a fulfilling life.

Don't Settle: How to Live Boldly and Build a Life You Love

What if the life you want is waiting for you to decide you're done settling? In this deeply personal keynote, Nesha Pai shares the defining moments that reshaped her life—from walking away from toxic environments to rebuilding through loss, burnout, and illness.

Each experience reveals a powerful truth: when you stop settling, you create space for a life that's aligned, courageous, and fulfilling.

Through storytelling and reflection, attendees will uncover where they've been playing small, reconnect with their authentic voice, and gain the courage to take their next bold step.

Tailored for high achieving women, this session leaves audiences not just inspired, but empowered to make choices that align with the life they truly want.

“Your session made me think a lot and I believed in the keynotes you mentioned. Thank you for being a role model for women in tech.”
